

The image features a vibrant blue sky filled with soft, white, fluffy clouds. The clouds are scattered across the upper two-thirds of the frame. At the bottom of the image, there is a smooth, white, curved surface that resembles a sand dune or a large, rounded object. The overall composition is clean and bright, with a strong contrast between the blue sky and the white elements.

The Stemwinder Bar & Grill

“Stemwinder”-- One of the original mining claims in Kimberley in the late 1800s. The Stemwinder Claim was developed along Mark Creek and was located between the Northstar and Sullivan Claims. The Sullivan Claim produced \$20 billion worth of lead, zinc and silver and was the economic backbone of Kimberley for over 90 years. We invite you to sit back, soak in the ambience & enjoy Kimberley food & hospitality.
